EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Andrew J. Curtin on 07/22/04.

The application has been amended as follows:

In claim 1, line 9, delete "chloroparaffin,".

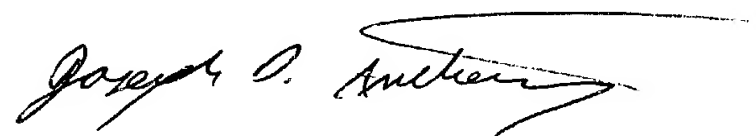

Claims 7-11 have been canceled.

2. The following is an examiner's statement of reasons for allowance: The reasons for deleting "chloroparaffin" from the Markush group of the "heat activated blowing agent" is because its presence renders the claim as a whole indefinite under 35 USC 112 2nd paragraph. The reasons for this being is that the "chloroparaffin" Markush member of the "heat activated blowing agent" directly overlaps the chlorinated paraffin species as set forth in the Markush group for the "heat activated halogen material" thus rendering the claimed concentration amounts of both component categories indefinite.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
